EDUCATION

University of California San Diego, La Jolla— *Bachelors in Literature*

2015 - 2017

University of California San Diego, San Diego — *Full Stack Web Development*

2022

PROJECTS

[WeatherApp](#)— *A weather-check application*

Using an API, use this to check any cities weather out

[PetConnect](#) — *A breeder to client platform for dogs*

I assisted in building routes, and ran QC. I also wrote the middleware. The site is currently in Phase 2 after total conversion to React and GraphQL.
